

Tumelo Junior Phale

Graduate Software Engineer · QA Automation

Midrand, Johannesburg | tumelojuniorphale@gmail.com | github.com/TumeloPhale | linkedin.com/in/tumelophale

PROFESSIONAL SUMMARY

Graduate Software Engineer with backend, frontend, and QA automation experience. Builds REST APIs in ASP.NET Core, develops React UIs, manages SQL Server databases, and automates testing with Cypress. Brings a QA mindset to every release — manual test planning, automated regression, and cross-team collaboration.

EXPERIENCE

Graduate Software Engineer Oct 2025 – Present

Sage

- Built and maintained REST API endpoints in ASP.NET Core for business-critical data operations
- Developed responsive React components and UI features improving user workflows
- Planned and executed SQL Server database migrations with schema changes and deployment coordination
- Established QA testing workflows using Cypress, covering regression, smoke, and UAT cycles
- Authored test plans and bug reports, collaborating with developers to resolve issues before release

Project Team Leader 2023 – 2024

North-West University

- Led cross-functional teams of 4–6 on database and web application projects, delivering ahead of schedule
- Optimised database performance through query tuning, indexing strategies, and schema refactoring
- Drove Agile delivery across sprint planning, stand-ups, and retrospectives
- Achieved distinction in Decision Support Systems and Advanced Application Development

EDUCATION

BSc Information Technology

North-West University — Graduated 2025

TECHNICAL SKILLS

LANGUAGES

C#, TypeScript, JavaScript, Java, SQL, Python, HTML/CSS

FRONTEND

React, Angular, TypeScript, Responsive Design

QA & TESTING

Manual Testing, Cypress, Automated Testing, UAT, Test Plans

AUTOMATION

UiPath RPA, GitHub Copilot, LLM Workflows

BACKEND

ASP.NET Core, REST APIs, Node.js, Java

DATABASE

SQL Server, PostgreSQL, Migrations, Query Tuning

DEVOPS & TOOLS

Azure, Docker, CI/CD, Git, GitHub, Code Review

PRACTICES

Agile/Scrum, Bug Diagnosis, Refactoring, Unit Testing, Team Leadership
